SAMARTH BHAGANE

(+91) 8180060400 | sambhagane1@gmail.com | linkedin.com/in/samarth-bhagane-677a94195 | Pune, India

PROFESSIONAL SUMMARY

Self-motivated Computer Engineering student with strong programming skills and a passion for building efficient, user-focused software solutions. Quick learner with a collaborative mindset and a commitment to continuous growth. Experienced in working on real-world projects, with a focus on clean code, responsive design, and team-based development.

EXPERIENCE

Frontend Developer Intern

Shudveta - Remote

Feb 2025 - July 2025

- Collaborated in the development of a hospital OPD dashboard using **React.js** and **Tailwind CSS**.
- Worked on UI features such as real-time patient filtering, HOD approvals, and billing modals.
- Integrated CSV/PDF export and improved admin interface accessibility.

Skills Gained: React.js, Tailwind CSS, JavaScript, UI/UX Best Practices, Component Reusability, Debugging & Console Logging

EDUCATION

G H Raisoni college of Engineering and Management

Bachelor of Technology in Computer Science and Engineering

Dec 2022 – June 2025

MIT Polytechnic

Diploma in Computer Science

Aug 2019 - Sep 2022

PROJECTS

MedTrack IPD Dashboard | React.js, Tailwind CSS

May 2025 - July 2025

- Built a responsive In-Patient Department (IPD) management dashboard using React.js.
- Implemented patient record tracking, doctor assignment, and real-time filtering/search functionality.
- Integrated modal forms for billing, HOD approval, and advance payment workflows.

Doctor Consultant App | Android Studio

June 2021 - Dec 2021

- Healthcare app provides its customers with lots of facilities like they could easily get appointments fixed with the desired doctor.
- The apps help the doctors to get updated with the current help of their patients.
- User can interact with the doctors and could check the availability of the medical reports in a very short time span.

Portfolio Website | HTML, CSS, JavaScript

Jan 2024 - March 2024

- Designed and developed a fully responsive and user-friendly portfolio website to showcase individual projects, skills, and achievements.
- Built using HTML, CSS, and JavaScript to ensure cross-browser compatibility and optimal performance.
- Deployed the website using GitHub Pages.

TECHNICAL SKILLS

- Programming Languages: JavaScript, Python, HTML5, CSS3
- Frontend Libraries: React.js, Redux, Tailwind CSS, Bootstrap
- Developer Tools: Visual Studio Code, Postman, Google Cloud Platform
- Productivity Tools: Microsoft Excel, Word, PowerPoint

SOFT SKILLS

- Strong Communication
- Team Collaboration
- Problem Solving
- Adaptability
- Time Management

CERTIFICATES

- Introduction to HTML5 (July 2021) Coursera
- Accenture North America's Data Analytics and Visualization (Oct 2024) Forage
- Java Internship (Aug 2021) Suven Consultants and Technology
- What is Generative AI (Jan 2025) LinkedIN Learnings
